CHRISTINA THEOBALD

HOW LONG HAVE YOU WORKED AT CSI AND WHAT DO YOU ENJOY MOST ABOUT THE COMPANY?

I have worked with CSI for 19 years, even though it seems like just yesterday I started. I really enjoy that the days are never the same. I never know what to expect each day, usually in a good way.

WHO HAS INFLUENCED YOU IN YOUR CAREER?

Steve Engmann and Jackie Lingg. Before they started CSI, I worked with Steve and Jackie at a different company. I had no training in IT or software support, and never thought it would play a part in my future. They were willing to give me different projects to challenge and peak my interest which took my career in a direction I never saw coming.

WHAT DO YOU LIKE TO DO IN YOUR SPARE TIME?

I love spending time with my 8 nieces and nephews – they are the light of my life. This can be anything from running to their different sporting events, weekend sleep overs at my house, to helping out with school projects. My goal is to become Super Aunt! And I think I do a pretty good job of it.

WHAT IS YOUR FAVORITE SOFTWARE PRODUCT OR TIP THAT YOU ENJOY SHARING WITH YOUR CLIENTS?

I love the Windows Snipping Tool. With remote support, it is a lifesaver to us by allowing us to get the exact error messages without writing down all the details. When I show different users how easy it is to use, they love it as much as I do.

WHAT ACCOMPLISHMENT IN YOUR LIFE ARE YOU MOST PROUD OF?

I have become a very effective fundraiser for Cystic Fibrosis. One of my nephews has CF and in the past 10 years, I have led our family team in raising almost \$200,000 to support education and research, as well as assist local CF families with their personal struggles.

WHAT IS A FUN FACT ABOUT YOURSELF?

I love taking pictures and have converted a room in my house to a photo studio. I can do the sessions in my photo studio or go onsite to different locations. I do a lot of different types of photo shoots: family photos, babies and kids, and also senior pictures.
